

SMART WiFi TRIDENT SOLAR CAMERA

Monitor outside your home from anywhere

WiFi
NO HUB REQUIRED

Works with
IFTTT

The powerful Smart solar operated HD camera, enables control via the BrilliantSmart App on your phone.

Solar powered – no cords, no wiring, truly wireless and easy to install.

Full high definition resolution 1080P (FHD) camera, delivers a crystal clear video.

Advanced PIR motion detection identifies changes in movement and sends a notification to your phone/tablet.

Two-way and one-way audio options.

Built-in Infra-red night vision, allows you to see in the dark.

Manually record live video direct to your phone through the BrilliantSmart app.

Built in memory card slot supports up to 64GB SD card. Older footage is overwritten. Recording is motion activated when SD card is installed (card not included).

Access recordings from anywhere with your smartphone. Recorded SD card footage is encrypted and can only be viewed through the BrilliantSmart app

IP65 Weather-resistant.

Rechargeable lithium-ion batteries included.

Records in time lapse segments.

Compatible with BrilliantSmart devices via automation & IFTTT.

APPLICATIONS

- Monitor outside your home from anywhere.
- Setup virtual calls via IFTTT when motion is detected
- Create in app automation, so lights illuminate based on behaviours, ie: when movement is detected via a sensor, the lights turn on automatically..
